

## REPORT of the Audit and Risk Management Committee

### STATEMENT ON INTERNAL AUDIT FUNCTION

The audits on the Company's operations are undertaken by the Group Internal Audit of its holding company. The Group Internal Audit has undertaken regular and systematic risk based assessments of the internal control of the Company so as to provide reasonable assurance that such systems are adequate and continue to operate effectively in managing the key risks of the Company.

The total expenditure incurred for Group Internal Audit function for the financial year, which amongst others includes departmental expenditures such as office running expenses, training expenses, travelling expenses, staff remuneration, etc. is approximately RM188,000.00.

#### Activities during the year

The Group Internal Audit Department had conducted various operational audits as well as follow up audit exercises for the Company in accordance with the ARMC's approved Audit Plan for 2013. Among the areas covered were the operations of Quality Management, Inventory Management, Logistics and Recurrent Related Party Transactions.

### STATEMENT ON RISK MANAGEMENT FUNCTION

The Company has an in-house risk management function which is performed at CCM Group level. This Group Risk function is also represented at the Company's ARMC. Significant risks (defined as Top Risks events with Residual Ranking Level of High to Extreme) identified throughout the year based on the Group's approved risk management framework and processes are reported to the ARMC. The quarterly reports highlighted the Company's Risk Profile to enable Management to focus on key risks affecting the Company's businesses and operations and the system of internal control necessary to manage such risks.

#### Activities during the year

Since Quarter 3 2012, the Company reports and manages risks via a cloud based automated Enterprise Risk Management System ("RiSmart") designed based on ISO 31000 guidelines. The system allows independent assessment of risks by key functional heads (Risk Owners) across various entities, geographical locations, business risk categories and by operational and strategic objectives of the Company. Risk information is readily available to Risk Owners and senior management with online accessibility which improves transparency, consistency and accuracy of reporting.

During the year under review, the ARMC reviewed top risks and the impact of their controls on risk levels. The review included movements from Gross to Residual Risk Level to monitor Management's progress in implementing controls and assessing the effectiveness of measures to address the sources of risk. The reporting captures updates of risk decisions and risk acceptances made based on defined risk appetite, controls and treatment measures undertaken by risk owners. In 2013 the Company improved its reporting of Risk Quantification and Key Risk Indicators ("KRI's"). Moving forward, the Company will be reporting risks in relation to its performance measurements (KPI's).

Crisis management and business continuity programme is consolidated at the CCM Group level Business Continuity Management framework, policy and guidelines which was launched in August 2012. Business Impact Analysis ("BIA") to determine key issues and exposures was performed in the period and Business Continuity Plans were developed in 2013 which will be tested on an annual basis.
